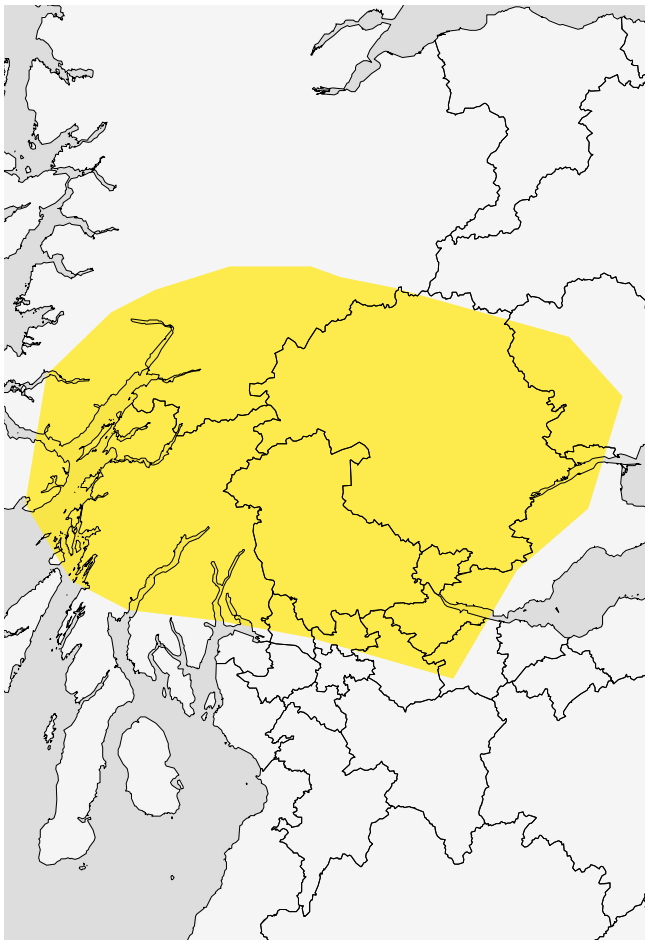
Yellow warning
Snow

Between
14:00 Fri 28 Feb 2020 and
19:00 Fri 28 Feb 2020



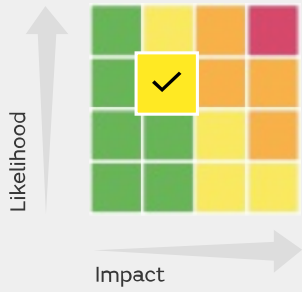
Snow may lead to travel disruption over higher routes.

What to expect

- Some roads and railways likely to be affected, leading to longer journey times

Further details

A band of rain and hill snow will move northeastwards this afternoon, turning heavier for a time. This is likely to bring snow to lower levels before dying out this evening. 1 to 3 cm of snow is likely to accumulate on roads above 200 metres elevation and 5 to 8 cm on roads above about 350 metres. There may be a temporary slushy cover for a short time at lower levels.



Medium likelihood of low impacts

Issued at 08:27 Fri 28 Feb, 2020
